

Split Metal 4-Leg

DESIGN FRANCESCO MEDA
COLOS POLYPROPYLENE COLOURS, ITALY

Split combines forward-thinking design with advanced manufacturing, featuring a shell and base crafted from the same synthetic material yet engineered differently. The shell is soft and flexible for seating comfort, while the base remains rigid for stability and strength. This approach minimises material use, giving Split a lightweight appearance without sacrificing durability.

Available in multiple versions, some with customisable shell and frame colour combinations, Split suits a variety of spaces—whether in public areas or private settings like kitchens, living rooms, and decks.

LEADTIME

12–14 Weeks

WARRANTY

3 Year Structural
