

Stax

**BEN
SEN**

DESIGN NIELS BENDTSEN
BENSEN, CANADA

Stax is an innovative dining chair that is both functional and beautiful. Using traditional woodworking techniques and cutting edge technology, the Stax chair is a masterfully constructed piece of solid timber furniture.

The mitered corners on the solid wood frame give the appearance of a continuous wood grain back while the removable slung seat, available in both fabric and leather, provides an exceptionally comfortable sit.

Stax chairs can be stacked up to 4 when not in use for easy storage. Suitable for both residential and contract use.
