

Stecca

COLOS

DESIGN ALBAN LE HENRY
COLOS, ITALY

The Stecca collection is a versatile line designed to meet a wide range of needs, suitable for both public and domestic environments. It seamlessly transitions between indoor and outdoor settings. Inspired by the graceful curves of classic wooden designs, Stecca revitalises this aesthetic through the use of aluminium.

The seat features a curved aluminium tube structure, while the slats—known as “stecche” in Italian—are crafted from aluminium sheet, forming both the seat and backrest. The powder-coated finish allows for vibrant colour options, providing a truly unique customised look.

Available in seven colours and various configurations, the Stecca collection includes chairs, stools, and benches, with options for armrests or without, making it a perfect choice for any space.

LEADTIME

12–14 Weeks

WARRANTY

3 Year Structural
