LOLL DESIGNS, USA

Named after the busiest freeway in the USA, The 405, you can now skip work and tell everyone you are stuck on The 405 without lying. The 405 Outdoor Chaise Lounger is designed to work exceptionally well in the sun and near the pool. The adjustable back rest has five settings, including flat, and there is a convenient shelf exposed when the back is up that will help keep your poolside accessories off the ground.

Ideal as a pool lounge chair, the recycled HDPE is unaffected by wet conditions, lotions and spilled beverages. Strong and stable, the weight of The 405 will ensure it doesn't blow into the pool while the concealed wheels at one end allow for easy movement.
