

## *Timber Round*

**DESIGN** ADAM GOODRUM  
CANTARUTTI BEECH TIMBER FINISHES, ITALY

Precise lines draw a solid and comfortable figure. Balanced proportions outline a collection that shows how simplicity can be expressed through different shapes, coatings and combinations: Timber lends itself to being interpreted according to wood, leather or fabric finishes and to the combinations of colours and materials to enter public and private spaces that require concrete and lasting solutions.

Designed by Adam Goodrum, Timber lives perfectly in different environments, such as public spaces and dining areas, relaxation corners and meeting rooms. A practical stackable chair, with backrest available in different versions, is accompanied by stools, armchair and lounge in a collection that meets the needs of the space in which it will fit, thanks to careful flexibility and wide customisation possibilities.

### **PRICING**

\$740 — \$860 Trade pricing ex GST  
Min = entry level, max = premium finishes
