

Trampoliere

MIDJ

DESIGN ROBERTO PAOLI
MIDJ, ITALY

Trampoliere is a simple yet elegant seating project that plays with balance. The seat appears independent from the legs and is supported by a concealed connecting structure. The deceptively slight frame is, in reality, extremely solid and strong. Emphasising the concept of the separate seat, the leg frame extends upward a few millimeters above, a detail that gives it a unique touch.

The Trampoliere collection includes a stacking indoor chair, barstool, low lounge chair and outdoor collection.
