DESIGN ANDREA STEIDL
CANTARUTTI, ITALY

Tuilli extends the concept of warm and refined hospitality to soft and enveloping shapes. Generous silhouettes are accompanied by volumes of different sizes that strike a recognisable aesthetic; an elegant balance between classic and modern. Numerous elements meet in spaces that require distinctive solutions, united by formal coherence and meticulous details of graphic elegance.

Designed by Andrea Steidl, Tuilli is a wide Collection that finds its place in the common areas related to welcoming and waiting, and in the more private ones of domestic spaces. The various components, with structure in wood or metal, highlight a strong and eclectic personality that meets different needs and tastes, thanks to a wide range of finishes and coatings.
