

Tulip F545

Artifort®

DESIGN PIERRE PAULIN
ARTIFORT, NETHERLANDS

Designed in 1960, Tulip collection remains an enduring icon of mid-century modern design. Combining elegance, comfort and innovation, these visually distinctive chairs offer exceptional versatility and ergonomic support. Inspired by the graceful form of a tulip flower, their sculptural silhouettes gently embrace the sitter, creating a refined and comfortable seating experience.

As timeless today as when it was first conceived, Tulip collection reflects Pierre Paulin's signature approach to organic, functional design, where expressive forms are balanced with everyday comfort.

The distinguished Tulip F545 armchair delivers exceptional comfort through its generous proportions and enveloping shape. Paired with its matching footstool, it creates a striking yet highly comfortable combination. Available with either a swivelling disc base or a metal-strip cross base, Tulip F545 offers a choice of elegant foundations to suit a variety of interiors.
