Tulip F550, designed by Pierre Paulin, is a celebrated icon of mid-century modern design. Combining elegance, lounge comfort and innovation, this visually striking lounge chair offers exceptional versatility and ergonomic support. Inspired by the graceful petals of a tulip, its sculptural form gently embraces the sitter, creating a deeply comfortable and inviting seating experience.

Generous layers of foam provide a naturally supportive feel, enhancing the chair’s luxurious comfort while maintaining its distinctive organic silhouette.

As timeless today as when it was first introduced in the 1960s, Tulip collection continues to represent Pierre Paulin’s signature approach to organic and functional design. Artifort proudly welcomes the soft Tulip F550 lounge chair back into its permanent collection, celebrating its enduring elegance, innovative character and iconic place in the world of design.
