

Tulip Midi

Artifort

DESIGN PIERRE PAULIN
ARTIFORT, NETHERLANDS

Designed in 1960, Tulip collection remains an enduring icon of mid-century modern design. Combining elegance, comfort and innovation, these visually striking chairs offer exceptional versatility and ergonomic support. Inspired by the delicate petals of a tulip, their sculptural forms gently embrace the sitter, providing a refined and comfortable seating experience.

With its balanced proportions, the mid-sized Tulip Midi armchair – originally introduced as the F549 – sits perfectly between Little Tulip® dining chair and the high-back Tulip lounge chairs. Offering a welcoming and warm presence, Tulip Midi provides both visual harmony and exceptional comfort. It is available with either a cross base or a swivelling disc base.

As timeless today as when it was first conceived, Tulip collection continues to embody Pierre Paulin's distinctive approach to organic and functional design, where sculptural expression and everyday comfort exist in perfect balance.
