The Varya collection comprises an extensive range of chairs, armchairs, stools and benches. The seat shell is available in moulded thermoplastic in twelve colours and also upholstered in three variants. The collection is generated by combining comfortable seats and different metallic or timber bases.

The broad selection of base variants, together with the extensive range of available finishes, allows for endless customisation possibilities without altering the unique character and timeless spirit of these original chairs. Designed to inhabit diverse settings, Varya is perfect for residential applications right through to workplaces and heavy contract use.

Varya is available with the following base options; 4 Leg (metal and timber), Sled, 4-Way Swivel and 4-Way or 5-Way on castors. Beam seating is also available. All chairs are available with or without arms, and in selected house colours or finishes.
