

## Vesper

---

**DESIGN** CHRISTOPH JENNI  
COLOS POLYPROPYLENE COLOURS, ITALY

Vesper is a collection that includes chairs, armchairs, and stools, featuring shells made of glass-filled polypropylene supported by a metal frame. These stackable models are designed for both indoor and outdoor use, with a chrome base for interior settings and a painted base for outdoor environments.

The collection intentionally limits itself to a select few models, catering primarily to the hospitality industry while also appealing to a wider market. Vesper's pared-back design and range of shell/frame colour combinations offer versatility for various spaces and styles.
