DESIGN INGA SEMPÉ
WÄSTBERG, SWEDEN

The w103 Sempé collection, designed by French designer Inga Sempé for Wästberg, is a celebration of understated elegance and thoughtful craftsmanship. Known for her light-hearted yet refined approach to design, Sempé has created a lighting range that brings warmth and character to any space.

The w103 features a range of luminaires, from pendants to table lamps, each with soft curves and gentle proportions that make them as much a sculptural piece as a functional light source. Crafted with precision, the range uses high-quality materials, with a focus on sustainability, making it a perfect balance between modern luxury and environmental consciousness.

The distinctive design of The w103 is characterised by its delicate form, with shades that seem to float above their bases, providing both diffused and direct light. Whether used in a living room, bedroom, or office, each piece from The w103 Sempé creates an inviting atmosphere, offering a sense of serenity and elegance.
