

Work With Me

DESIGN IN HOUSE
SWISS DESIGN, AUSTRALIA

The Work With Me collection by Swiss Design is a fully upholstered workstation and pod series created to enhance privacy, focus and flexibility in open-plan environments. Designed to screen users from sight and sound, each pod creates a dedicated space for individual or team-based work without the need for permanent partitions.

Available in a range of sizes, heights and configurations, the system is compatible with fixed worktops or freestanding height-adjustable desks. Integrated cable reticulation within the upholstered panels ensures seamless connectivity and functionality.

Made in Australia, each piece is finished by hand and features a signature European cross-stitch detail. This stitch, offered in matching or contrasting thread, subtly highlights the soft, crafted nature of the form while adding a tactile, tailored finish.

Quick to install and easily reconfigured, Work With Me is a considered solution for dynamic, people-focused workplaces.
